

In the heart of the forest stands a special tree. It has a broad, sturdy trunk and leaves that sparkle in the sunlight. This tree is the Magic Tree.

Animals come from all over the forest for his help, advice, and care. For example, when the Squirrel family's son has a tummy ache, and Mrs. Squirrel has a knot in her tail, they visit the tree. "Hello, my friends," says the Magic Tree. "How can I help?" Mrs. Squirrel explains what's going on. The tree listens.
